Planting the Seeds For Student Success

The Hampton City Schools Title I Family Engagement Program strives to collaborate with schools and the communities to support school goals, engage and empower families, and increase student academic and social success.

The Hampton City Schools (HCS) Title I Program is dedicated to providing quality education for every student. To accomplish this goal, we strive to develop and maintain partnerships with parents and community members. The HCS Title I Family Engagement Program is committed to engaging parents and community partners in all aspects of children's learning experiences. Students and parents will be provided opportunities to help ensure their child's academic success through the development and enhancement of home and school partnerships.

To ensure effective engagement of parents/guardians, and to support a partnership among the school and community, every Title I school has on staff a Family Engagement Specialist leading the school's Family Engagement Program and managing the Family Resource Center.

An essential component of the program is to provide numerous volunteer and leadership opportunities for parents/guardians and community/business partners to be engaged in the school community. This program actively promotes services and resources available to families and also recruits parents/guardians, volunteers and community/business partners that reflect the diversity of our school district.

HCS Title I Home & School Compacts

As a requirement of the Title I Family Engagement Policy, the Title I Home & School Compact establishes a partnership between educators, parents, and students. For each partner, the compact identifies specific actions that will support students in reaching state proficiency levels. Federal law requires that all schools receiving Title I funds develop and implement a home and school compact.

Our home and schools compacts are grade-level specific, data-driven, and connected to the school’s goals. This format focuses on the shared ownership of student achievement and engages all stakeholders in the process of developing an effective compact.

Our compacts:

- Link to the goals of the school’s School Learning Plan and grade-level achievement data
- Provide strategies families can use at home to strengthen students’ skills
- Are written in a family-friendly language with meaningful input from teachers, families and students

If you have questions or haven’t received your school’s Home & School Compact or family engagement policy, please contact your school’s Family Engagement Specialist.

DID YOU KNOW...

- That every Title I school district and Title I school is required to have a written family engagement policy developed jointly with, and approved by parents?
- That Title I schools are responsible for holding meetings to discuss family engagement policies, programs, and activities with flexible hours designed to accommodate working parents?
- Parents must be involved in deciding how Title I funds are allotted for family engagement programs and activities?
- The Elementary and Secondary Education Act (formerly known as No Child Left Behind) provides funds for Title I schools to use to help parents/guardians better understand:
 - Virginia’s student academic achievement standards,
 - Virginia’s student academic assessments,
 - Title I, Part A requirements,
 - How to monitor progress, and
 - How to work with educators to improve the achievement of their children?

VOLUNTEER OPPORTUNITIES

To create a culture within Title I schools that fosters collaboration, we will invite all parents, guardians, and community partners to join us and "engage" in enhancing student experiences in our Title I school communities by volunteering and/or supporting a school academic goal or activity.

All volunteers are required to participate in their school's Volunteer Orientation prior to volunteering, so please be sure to contact your school's family engagement specialist for more information.

How to access School Quality Profile

School Quality Profiles are a new way to look at the performance of Virginia's public schools and factors that can impact student learning and achievement. School Quality Profiles were developed by the state Board of Education in response to the 2015 Virginia General Assembly, which directed the board to redesign online reports for schools and school divisions to more effectively communicate to parents and the public about the status and achievements of Virginia's public schools. School Quality Profiles are available for all schools, school divisions, and for the state. To view your School Quality Profile, visit:
